

## Introduction

This document outlines the purpose and nature of **SMSC** (**S**ocial, **M**oral, **S**piritual and **C**ultural) education at Kelsey Primary School. It also offers advice on monitoring provision and what constitutes effective practice.

## Linked Policies

This policy should be read in conjunction with the following policies:

- Curriculum
- Disability and Equality
- Inclusion
- Sex Education

## Aims

The SMSC policy is designed to:

- Give guidance on the nature of SMSC
- Outline the sort of action / activity that constitutes good provision for SMSC.
- Promote SMSC across all the work of the school (including before and after school)

## Legal Framework

- The current national curriculum for England
- Any statutory guidance issued by LCC or the DfE on SMSC.

## Policy / Procedure

At Kelsey primary school we recognise that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve. We therefore aim to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness and high standards of personal behaviour. We encourage a caring attitude towards other people; an understanding of diverse cultural traditions and an appreciation of other cultures.

## **Guidelines**

National Curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for these will be planned in each area of the curriculum. Spirituality and Christian values and principles will be explored across curriculum areas, especially in RE/Collective Worship. The integrity and spirituality of pupils from other faith backgrounds are respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views.

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing love and respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teachers' planning and purchasing decisions.

## **General Aims**

- To ensure that everyone connected with the school is aware of our values and principles.
- To ensure a consistent approach to the delivery of SMSC issues through the curriculum and the general life of the school.
- To ensure that a pupil's education is set within a context that is meaningful and appropriate to their age, aptitude and background.
- To ensure that pupils know what is expected of them and why.
- To give each pupil a range of opportunities to reflect upon and discuss their beliefs, feelings and responses to personal experience.
- To enable pupils to develop an understanding of their individual and group identity.
- To enable pupils to begin developing an understanding of their social and cultural environment and an appreciation of the many cultures that now enrich our society.
- To give each pupil the opportunity to explore social and moral issues, and develop a sense of social and moral responsibility.

## **The four core areas of SMSC are:**

- Spiritual Development
- Moral Development
- Social Development
- Cultural Development

**Appendix 1 further outlines learning opportunities for each of the four core areas of SMSC as well as giving practical examples:**

### **Teaching and Organisation**

Development in SMSC will take place across all curriculum areas, within activities that encourage pupils to recognise the spiritual dimension of their learning, reflect on the significance of what they are learning, and to recognise any challenges that there may be to their own attitude and lifestyle. All curriculum areas should seek illustrations and examples drawn from as wide a range of cultural contexts as possible.

**Class discussions and circle time will give pupils opportunities to:**

- Talk about personal experiences and feelings.
- Express and clarify their own ideas and beliefs.
- Speak about difficult events, e.g. bullying, death, etc.
- Share thoughts and feelings with other people.
- Explore relationships with friends/family/others.
- Consider others' needs and behaviour.
- Show empathy.
- Develop self-esteem and a respect for others.
- Develop a sense of belonging.
- Develop the skills and attitudes that enable pupils to develop socially, morally, spiritually and culturally - e.g. empathy, respect, open mindedness, sensitivity, critical awareness, etc.

Many curriculum areas provide opportunities to:

- Listen and talk to each other.
- Learn an awareness of treating all as equals and accepting people who are physically or mentally different.
- Agree and disagree.
- Take turns and share equipment.
- Work co-operatively and collaboratively.
- Links with the wider community
- Visitors are welcomed into school.
- Church links are fostered through links with the local churches in Kelsey and the surrounding villages / towns.
- The development of a strong home-school link is regarded as very important, enabling families and teachers to work in an effective partnership to support pupils.
- Pupils will be taught to appreciate both their local wider environment and to develop a sense of responsibility for them.

## Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis.

This is achieved by:

- Monitoring of lesson plans and teaching and learning by co-coordinator / headteacher / governor.
- Regular discussion at staff and governors' meetings
- Audit of policies and Schemes of Work.
- Sharing of classroom work and practice.
- Audit of Collective Worship policy and practice.
- Regular inclusion in Self Evaluation and SDP.

## Conclusion

High standards in the area of SMSC development will be sought and maintained by making explicit the school's values.
